## Environmental Policy

*“Nucor – Texas provides adequate resources and personnel to insure our commitment to environmental compliance and to our customers through communication and continuous improvement.”*

- Commitment:** Nucor is committed to pollution prevention by operating in an environmentally friendly manner.
- Compliance:** We are dedicated to compliance with environmental laws, regulations and other requirements governing our operations.
- Customers:** Our commitment to regulatory compliance is also a commitment to our customers and their trust.
- Communication:** We will communicate effectively and openly with our employees, neighbors, and other interested parties.
- Continuous Improvement:** We will continually improve our Environmental Management System through regular evaluations and technological advances .
