

It's Our Nature.®

NUCONSTEEL - Environmental Policy - T.R.E.E.S.

NUCONSTEEL Commercial Corp., as a division of Nucor Corporation, one of the largest recycling companies in the world, recognizes its role in protecting the environment. We value the environment of the communities in which we operate and recognize its importance to our employees, their families and our continued welfare. Protecting the environment is critical to our operations and the company's long term success. To this end, NUCONSTEEL is committed to providing the resources and personnel necessary to continually improve our environmental stewardship. We will adhere to and promote The TREES principles to demonstrate our commitment to our communities and the environment we live and work in.

T - TOTAL COMMITMENT

To be World Class, Nuconsteel has **Total Commitment** to having the best people and practices in all aspects of our business. This includes going above and beyond environmental compliance, laws and regulations.

R - RESPONSIBILITY

Nuconsteel will operate **Responsibly** to preserve and contribute to our local environments. We will do this by developing and maintaining environmental Objectives and Targets and will monitor and measure our environmental performance through their continuing evaluation.

E - ENVIRONMENTAL EXCELLENCE

As a World Class organization, Nuconsteel will uphold it's commitment to **Environmental Excellence** through the monitoring of technological advances that may create opportunities to minimize our environmental impacts.

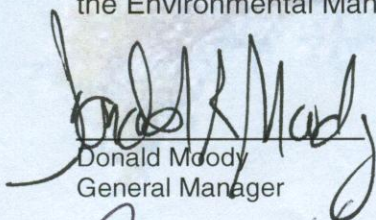

E - EFFECTIVE PRACTICES

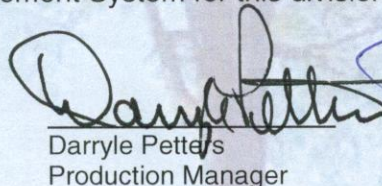

Environmental excellence will be achieved by all Nuconsteel employees by participating in **Effective** environmental practices. Together, as a team all employees will work together through the use of a documented Environmental Management System.

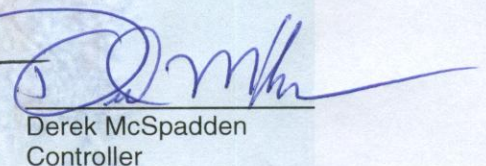

S - STEWARDSHIP

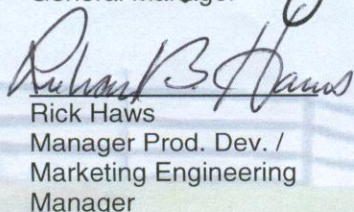

Nuconsteel will reach out to our communities as proactive environmental **Stewards**. We will consistently evaluate current and future processes to identify opportunities for the prevention of pollution.

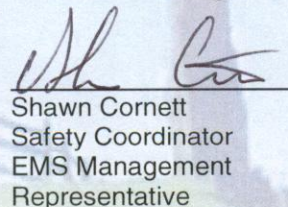

We the Management Team of Nuconsteel do hereby adopt the Corporate Environmental Policy, the above stated T.R.E.E.S. policy and the Corporate Level I Environmental Management System. We will do this by ensuring the availability of resources essential to establish, implement, maintain, and improve the Environmental Management System for this division.
