

Nucor Community Service in Terrell, TX

The Victory House is operated by the Healing Hearts Ministry and will be Kaufman County's first transitional housing program for women that are victims of domestic violence. When recent storms damaged a tree on the property, Nucor Building Systems Texas sent a team to help remove it. They will be returning soon to assist with building a deck as well as doing some painting.

Pictured below, from left to right are Alex Sanchez, Cody Malone, Efrain Escobedo, Jose Reyes, and Jesse Rivas, all NBS Shipping Team members. Randy Brumbelow, our Shipping Supervisor, was also present. This was a great group of guys helping a great organization in the community.
